Consumer Satisfaction Survey Report
Fiscal Year 2022

Copper Country Mental Health Services 2022 Consumer Satisfaction Survey

The Consumer Satisfaction Survey questions and process continue to comply with regional guidelines for implementation. The entire Upper Peninsula utilizes the same survey and process. In 2020, 6 questions were added to the survey and 1 was removed, bringing the question count to 15. The results of those questions have also been tabulated. (The newly added questions are #3, 4, 7, 8, 11 and 14)

The overall consumer satisfaction rate in fiscal year 2022 was at **87.8%**. This is the percentage of all responses rated “agree” or “strongly agree”. This year’s satisfaction rate decreased over last year’s total, which was **91.0%**.

In January 2015, the region added 7 questions about recovery. Those results are tabulated as well.

Survey responses were analyzed in aggregate, by each question, by county, and consumer demographics.

Of the **994** questionnaires mailed to consumers during the 2022 fiscal year, **174** were returned, yielding a response rate of **17.4%**. The percentage of return was a decrease from last year’s **18.2%**.

This year’s survey results are summarized in this report and made available to our board of directors, program supervisors, persons served, advocacy groups and community partners. The survey results and feedback from review of the results are used in program development and improvement.

In 2021-22, the region piloted an online version of the survey and made it available to recipients. Though not heavily utilized, the regional agencies are exploring new ways to continue making the survey accessible to all through available technologies.

Consumer Satisfaction Survey ~ Part A

All responses are confidential.

	☺	😊	☹	☠	⊗	
1. Appointments are scheduled at times that work best for me.	Strongly Agree (4)	Agree (3)	Not Sure (0)	Disagree (2)	Strongly Disagree (1)

Recovery Survey ~ Part B

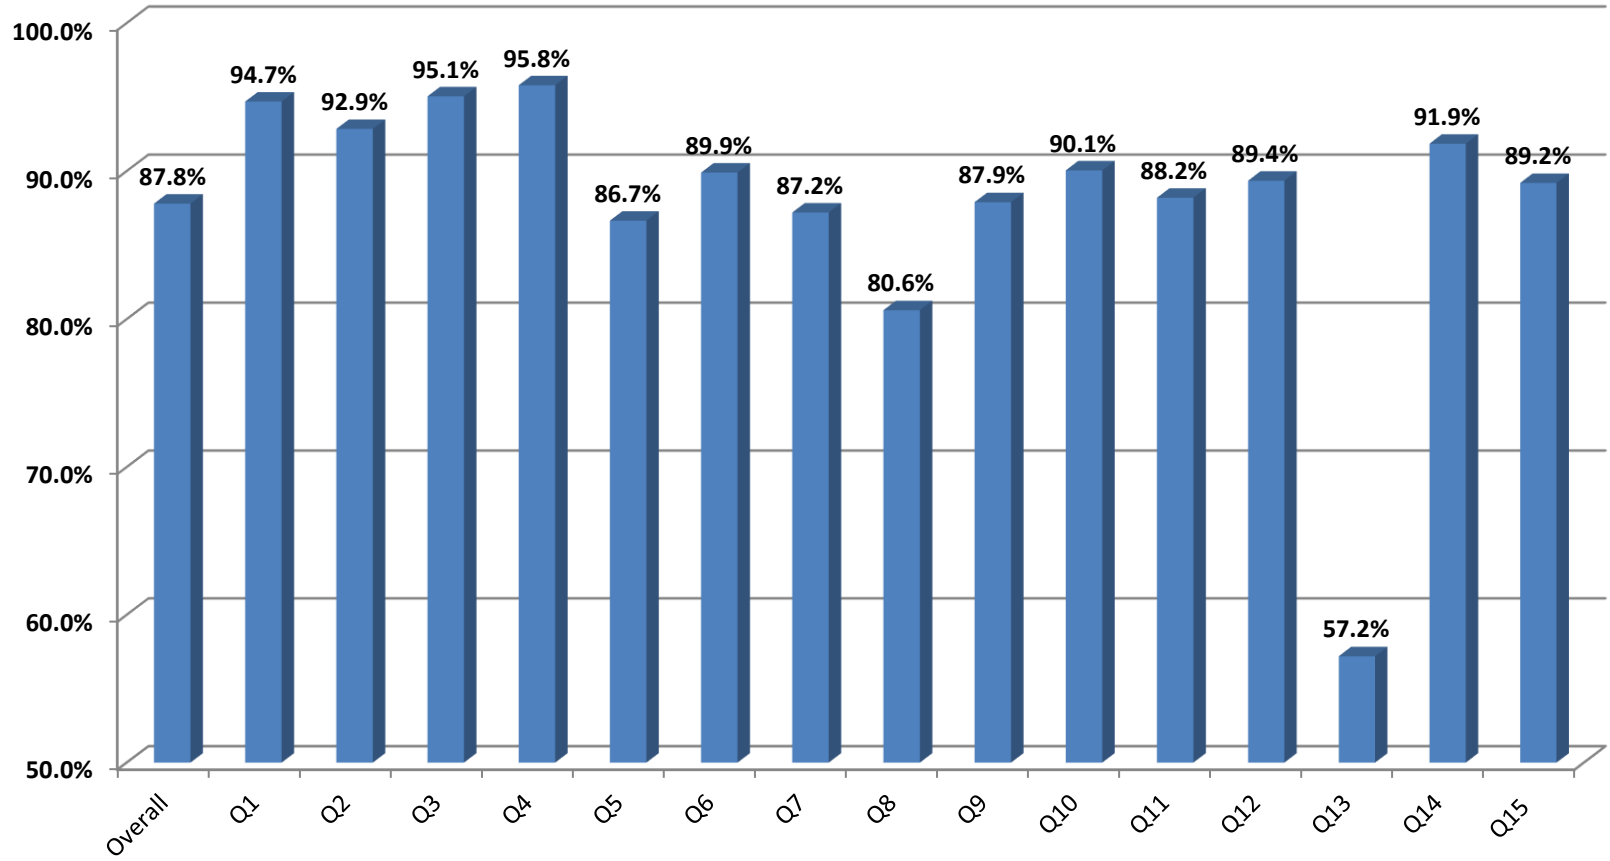

The short survey below is to learn about your recovery journey thus far with Community Mental Health. We are assessing if our goal to provide recovery-based services is being met. Please complete all the questions. The survey is confidential. If you add your name, we will address with you personally, any specific concerns you share. Summary results of the survey will be included in each individual CMHSP's Annual Performance Report and a summary of the regional survey results will be published in the NorthCare Annual Report and the NorthCare Newsletter.

					
1. I am hopeful about my future.	Strongly Agree (4)	Agree (3)	Not Sure (0)	Disagree (2)	Strongly Disagree (1)
